

Triple Threat to Moisture

Moisture damage now faces an unprecedented triple threat

QuickPrep Cable with lifeTime®

- 1 step prep
- Impedes moisture migration
- lifeTime® feature acts as a lubricant, in any weather condition greatly improving connector installation
- Provides unparalleled protection against tape abrasion, resulting in unmatched shielding effectiveness over time.
- lifeTime® additive is tacky, not sticky and does not transfer to clothes or tools
- Safe for all aerial and indoor installations, lifeTime® additive does not leak even at high temperatures

Holland/TFC passives with 100% F-port sealing to 15 PSI!

- All F-ports 15 PSI sealed
- Bandwidth - 5-1002 MHz
- Meets SCTE 143 2013 Salt-Fog Test-1000 hours
- Surge Withstand – 6 kV 100 kHz Ring Wave

Broadband Solutions for the CATV Market

QuickConnect II with internal weather seal

- Airtight seal prevents moisture migration
- Integrated seal is effective even if connector is less than finger tight
- Integrated seal can not be forgotten, intentionally removed, or improperly installed
- Proven to be more effective than external weather grommets (bushings).
- All QuickConnect II F-Connectors are available with the QuickShield® feature which provides continuous connector grounding even when the connector is less than finger tight
